November 22, 2022

Dear Concrete Town Council,

I have lived in this town a majority of my life, this is my home and my safe place. I manage the East County Facilities for Community Action in doing this I generally see a lot of the emerging needs/problems that are occurring. I believe that my vast knowledge in many areas will help when making decisions regarding upcoming matters. I also have been attending various meetings with in the town including council meetings for quite some time. I have become quite familiar with the waterline, treatment plant, pump station and town owned building issues from attending these meetings and listening intently to the problems at hand. I believe, I can maintain being unbiased party and make decisions that are in the best interest for the town and for this community that so many call home.

I want it to be known I didn't make this decision lightly and have put a lot of thought into this. This is big responsibility and undertaking. To be honest, I have had no desire in the past to take any position like this because I have seen what the mayors and council members have gone through. That being said, I chose to apply for this position because I want to be of service to this community that has given so much to me.

Best regards,

Stephanie Semro
