****** Once the connection fee is paid and the connection is made to the Town's utilities a monthly fee will be charged. The costs of the hook-up to the service, including the expenses of the contractor to dig and connect to the line/s, are **ENTIRELY THE RESPONSIBILITY OF THE PROPERTY OWNER.**

Concrete Municipal Code 13.20.010: (1) The owner(s) of all houses, buildings, or properties used for human occupancy, employment, recreation, or other purposes, for which a building permit for new construction is applied for after December 31st, 2000, situated within the town, or within the unincorporated urban growth area of the town of Concrete as defined by RCW 36.70a.030 if this section is applied by Skagit County to the unincorporated urban growth area, is required at the owner(s)' expense to install suitable toilet facilities and connection to potable water supply therein, to connect such facilities directly with the proper public sewer and public water supply, and to construct any needed system extensions in accordance with the ordinances, resolution and plans of the town, and the direction of the town engineer or his designee.

Connection and inspection prior to the town's water or sewer system must be installed and inspected prior to covering within one year from the date of payment of the system development charge. If connection has not been inspected and deemed complete by the public works director or his designee within one year of the initial system development charge payment the applicant will be required to proceed with a new water or sewer service application including repayment of the connection fees at 50 percent of the original cost. If connection has not been inspected and deemed complete by the public works director or his designee within one year and six months a new application shall be required including the payment of any system development charge. The charge to be paid shall be the most recently approved amount and shall coincide with the date of the new application.
