

	Concrete		Critical Soils (4)
	Concrete UGA		Erosion Hazard Soils
	Class A Wellheads		Hydic Soils
	Class B Wellheads		Wellhead Protction Area (5)
	Fish Habitat (1)	Slope	
	Non Fish Habitat		15-30 degrees
	Designated State Shorelines		> 30 degrees
	Wetlands (2)		225' CAO buffer
	FEMA 100 Year Floodplain	UGA Zoning	
	FEMA Floodway **		Commercial/LI
	Alluvial Fan Areas (3)		Residential

1. Fish habitat is fish bearing streams as identified by WDFW Priority Habitat & Species map.
2. Wetlands are from the 2018 National Wetland Inventory
3. Alluvial Fan Areas as mapped on the 2008 Concrete Critical Overlay District Map (CODM).
4. Critical Soils as mapped on the 2008 CODM.
5. Wellhead Protection Areas are places within 1000' of Class A wells or as shown on the 2008 CODM map.
6. 225' CAO Buffer includes fish bearing streams, wetlands, wells, and areas with slopes greater than 15 degrees.
